Your eCTM will be stored in that account. If a Member has multiple Program Credit Cards they cannot be linked to the same Triangle Rewards Account. A Member can request the issuance of additional Triangle Rewards Cards that have the same account number as that Member's Triangle Rewards Account. Collecting electronic Canadian Tire Money eCTM can be collected when you purchase Eligible Merchandise see below at participating Canadian Tire stores or online at [canadiantire.ca](http://canadiantire.ca) or such other web site as may be designated by Canadian Tire from time to time. To collect eCTM you must present a Triangle Rewards Card or use a Cardless Method described below. You can also collect eCTM on that portion of a purchase charged to a Program Credit Card. The Program Credit Card must be linked to a Triangle Rewards Account at the time the purchase is made in order to collect eCTM. The amount of eCTM collected on fuel purchases depends on the number of litres purchased. A minimum fuel purchase may be required before eCTM can be collected. The rate of collection may vary from time to time and by location and by type of tender used for payment so check at your local Canadian Tire gas bar. You can also collect eCTM on purchases that you make at other merchants that are charged to a Program Credit Card. The rate at which eCTM can be collected may vary from time to time and by location and is subject to change by Canadian Tire without notice. In addition, you may collect eCTM at a different rate if you pay with a Program Credit Card than you would if you use a Triangle Rewards Card or Cardless Method . Purchases made in a foreign currency with a Program Credit Card are first converted into Canadian currency as set out in the cardmember agreement prior to calculating the amount of eCTM that you have collected. If you use a Triangle Rewards Card or Cardless Method, it must be swiped or scanned or your phone number provided, as the case may be, before you make your purchase. <http://www.mc-opony.pl/files/7ss60-manual.xml>

Members are also eligible to collect bonus eCTM, or to collect eCTM at a promotional rate offered from time to time on the purchase of select items, upon the occurrence of certain events or as part of a promotion or offer, but unless otherwise indicated, bonus eCTM or eCTM awarded at a promotional rate is awarded only once for a transaction. You cannot use a Triangle Rewards Card or Cardless Method together with a Program Credit Card. If you charge a purchase to a Program Credit Card, you will only earn eCTM at the applicable Program Credit Card rate then in effect, even if you also present your Triangle Rewards Card or Cardless Method. However, if you redeem eCTM to pay for part of a transaction and pay for the balance of the transaction with a Program Credit Card that is linked to a different Triangle Rewards Account than the account from which the redemption is occurring, all eCTM collected in respect of that transaction will be credited to the Triangle Rewards Account from which redemption is occurring. You will not be able to collect eCTM on that portion of a transaction in respect of which you redeemed eCTM. However, we may, from time to time and at our discretion,

have special offers or promotions that would allow you to collect eCTM on that portion of a transaction in respect of which you redeemed eCTM. These have several advantages over their noisy counterparts and keeping you and your lawn healthy is just one of them. Suitable for smaller lawns, Yardwork Reel Mowers will prove to be an efficient tool for you this summer. Available exclusively at a Canadian Tire store near you. All fees collected go towards the collection, transportation and processing costs of recycling used tires. Taxes payable on price before rebate. Its easy to push, it cuts smoothly, and leaves a nicely trimmed lawn. As with all reel mowers, it doesnt do well with the long stuff, so sections that grower quicker needs to be cut more often, but because it is so quiet and peaceful, it really isnt a problem. I can go out after putting the kids to bed and give the lawn a quick onceover without worrying about the noise. I now find mowing my lawn to be a calming experience. No more hassle with gas and oil and the violent jerking of a pullcord. I pull it out of my garage and immediately start cutting. It is a pleasure. Super green grass now though. Fairly easy to assemble out of the box.

It cuts the grass very well. It is small at 14 inches but makes the task of mowing the lawn quite easy. I researched this on [lawnmowers.com](http://lawnmowers.com) and it was one of the best selling mowers. Works well on wild

weed type grass as well! Cut is clean, so less stress on grass and it grows much greener than when I was using a power mower. Clean up is a breeze. No cord to mess with. Light and easy to push. The crank handle fits more brands than advertised. I just used it on a Gardena mower. Home depot has HDX branded ones that are the cheapest I found. The mower is great, easy to use, very sturdy. I love how easy it is to push and clean. Very happy with the item! This item was purchased to replace my gas engine weedeater. I am used to trimming and edging with decades of experience. I don't let the grass and weeds get tall and move quickly when doing it and need only one battery to trim and edge around the house, deck, garage, garden beds etc. I tackled some very tall weeds at a friend's house and needed to use the second included battery. The mower attachment is a bonus. It is useful for trimming around a parked travel trailer because the grass clippings don't get all over it. I recharge the battery immediately after use as instructed. Amazon delivery was fast as usual. Nor is it necessary, for small areas. Some argue that reel mowers method of cutting off grass blades, more like scissors than a rotary mowers hacking, is better for grass. But I like the quiet, the undisturbed serenity, and even the exercise of giving it a little not onerous push. Its easy to use, easy. Works perfectly and pretty much new. Available if you are able to see this ad. Yardworks made a limited amount of these sold by Canadian Tire and they stopped selling them many years ago so theres very few left in good condition. It has 3 drive speeds and reverse as well. It has a key for ignition, a pedal for throttle and another pedal to control the lawn mower. It has a new battery and I did a oil change last year before storing it. I havent started it up yet this year, but it.

I have since moved and needed a larger mower, particularly one that didnt need a cord.
